

**WARM WATER FLY FISHING
SATURDAY SEPT 6 9:00am
Chamblee First UMC
Cost - \$20**

Join a small group of 8 friends for a day of class instruction, fly tying, hands-on practice and then actually go to a stream and fish!

Fly fishing author/instructor Steve Hudson will lead you on this experience. This class will focus on fly fishing warm water for bass, brim, and other warm water fish. You will spend the morning in class instruction learning about fly fishing and tying flies. This will be followed by practice on the church lawn. Then, weather permitting, the group will leave the church to travel to a local stream within 30-40 minutes of the church. There will be a brief stop for lunch (cost not included) and then you will experience fishing from the shore (waders are not needed). Fly rods will be available but you can bring your own if you wish.

If you have any questions, contact Charlie Lynch at the Church Office – clynch@chambleeumc.org 770-457-2525
